PharmaBand Cool

Description:

Ready to use cool bandage that provides immediate cooling and pain relief for treating injuries, muscle pain and

This bandage reduces recovery time from injuries by combining both the cooling and compression process in one easy to use step.

How does it work:

Compression bandage impregnated with specially formulated solution which begins to evaporate upon contact with skin, thereby cooling the applied area.

Cold bandage reduces swelling and provides sufficient cooling to make it a very effective treatment.

Product Feature:

- 1. Relief pain in seconds.
- 2. Keep cooling effect for 2 or 3 hours.
- 3. No refrigeration needed and easy to use and carry.
- 4. Once dry can be re-used as a regular crepe bandage.
- 5. Constant equal pressure applied to the injury.
- 6.Flexible and breathable.

Application:

Cold therapy for sprains, strains, bumps and bruises.

In athletic contest and outdoor activities.

How to use:

- 1- Open the Pouch and take the bandage with its content out of the pouch.
- 2- Stretch the bandage slightly while wrapping it around the affected area.
- 3- Do not cover PharmaBand Cool to allow air to circulate around it, or performance will be impaired.

Other information:

Store at 20°C-25°C

Precautions:

- Keep out of reach of children. If swallowed, get medical help.
- Do not apply to eyes or mouth.
- Do not use over broken or injured skin.
