

# CURE-AID<sup>®</sup> SKIN BARRIER

## INVISIBLE PROTECTION FOR DELICATE SKIN

Cure-Aid Skin Barrier forms a gentle, translucent film that shields the skin from irritation caused by adhesives, fluids, and friction, without affecting adhesion or comfort. Its silicone-based formula dries quickly, leaving breathable, non-stinging protection that's compatible with dressings and medical devices.

### KEY BENEFITS:

- Long-lasting, wash-off resistant protection
- Gentle, breathable, and non-occlusive
- Transparent, fast-drying film
- Safe for adults and children (over 1 month old)

### USE:

Apply to clean, dry skin. Allow to dry fully before applying dressings or adhesives. Reapply as needed.
